Tracking a path in high heels and dust, we walk toward the largest site in the world. A double-decker, the double-decker white ‘outdoor museum’ shelves a momentous history. Today, the stair, the story of one man who would change our world with a flick of his wrist, leads us to the guillotine. Some tourists are fascinated by the guillotine and the death of Marat. We step onto the street of the Cordeliers and enter the church of the same name, where Danton once spoke.
