

Buckeyes ACT

This training is part of Buckeyes ACT, a comprehensive effort to combat issues of sexual misconduct and relationship violence on our campus. **COMPLETE AS SOON AS POSSIBLE.**

Effective Sept. 1, 2015:

Under Ohio State policy, all faculty, staff and student employees must report instances of sexual assault.

It's critical that we all know how to respond to these issues — even if you do not believe you will have direct interaction with students as part of your job.

Learn more about how to fulfill this obligation as well as prevent and respond to sexual misconduct and relationship violence in a new online training.
