THE OHIO STATE UNIVERSITY  
MAY 9, 2021

# POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

—by Professor David Citino, 1947–2005, Late University Poet Laureate  
(Originally presented as the 2000 Winter Commencement address)

If you're like me, you've got a big head,  
not to mention a funny robe, full of music—  
poems and melodies, the tunes  
we move to, shower and shave by,  
study, write to. Not just the incidental,

but the momentous music keeping time.  
Our histories are measures of song.  
Listen to your heart: drums of Africa,  
sea-spume of blind, far-sighted Homer,  
Sappho's honeyed love lyrics. Often,

music speaks for us, one note saying  
a thousand words. Like Rodolpho  
in Puccini's *La Boheme*, *Sono un poeta*.  
I am a poet. *Che cosa faccio?* What  
do I do? *Scrivo*. I write. This ceremony

is loud music—pomp and circumstance  
of the life you began freshman year  
or that first day of graduate school.  
In my head I press Play, and the CD  
of *Big Days* kicks on. I leap and linger

over moments too sweet, nearly, for words.  
I'll never escape rhymes from the nursery.  
Up above the world so high, like a diamond  
in the sky. We knew from the start  
our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents  
of Cleveland. *Gaudeamus igitur*, *Juvenes  
dum sumus*. So, let us rejoice, while  
we are young. Youth is that gift we can't  
comprehend while we're young. This ceremony

means you all are less young than you were.  
Don't let the heavy knowledge gained  
from your studies deprive you of the gifts  
of youth, to be able to rejoice at the drop  
of a hat, to care for, be moved by others.

Now I hear golden hits of five decades.  
Big Mama Thornton, and that so-called King  
(King of what, fried butter sandwiches?)  
who stole away her hound dog. You ain't  
never killed a rabbit, you ain't no friend

of mine. As with those profs and TAs,  
course after course, you had to produce—  
kill some rabbits—to earn respect.  
And at times OSU may have seemed  
like Heartbreak Hotel, down at the end

of Lonely Street, so difficult was it  
to do your best. Tennessee Ernie Ford,  
"Sixteen Tons": St. Peter don't you  
call me 'Cause I can't go. I owe  
my soul to the company store.

You have been digging deep in mines  
of knowledge. We all owe our souls  
to Ohio State, company store of learning,  
shared experience—precious ore  
we have in common forever.

Now I hear Domenico Modugno's  
fervent urging to wish, sing, fly,  
*Volare*, *Wo-oo*. *Cantare*, *Wo-o-o-o*.  
My grandfather was a peasant farmer,  
a *contadino* in Calabria in the toe

of Italy. He knew it's the human lot  
to dream of flying. Lucky, lucky,  
lucky me, I'm a lucky son-of-a-gun.  
I work eight hours, I sleep eight hours,  
That leaves eight hours for fun.

Hey! He sailed in steerage across  
the Atlantic, came to Cleveland, where  
he stayed long enough to work 52 years  
for the B&O Railroad, before lying down  
to rest in good Ohio soil. So many of us

here today came from elsewhere,  
or ancestors did. From Tennessee, Italy,  
Africa, Asia, Appalachia—even,  
President Kirwan, the wilds of Kentucky  
and Maryland. Women and men with backs

supple as birch trunks. The courage  
it took to pick up stakes and begin again  
in a new world! Think of the work  
those older ones did. For you. You all  
are facing a change right now.

This sheepskin is your passport.  
You're bound for emigration to  
the next song of your life. Ohio State  
is the ark on which you've been sailing.  
You've been the precious cargo.

But, as Noah once said, I can see  
clearly now the rain is gone. The ark,  
our university, was filled to overflowing  
with the diversity of us. Diversity.  
Networks and talk shows devalue the word.

*James Dimon*

DOCTOR OF BUSINESS ADMINISTRATION

Jamie Dimon ranks among the most impactful and innovative business minds of his generation. He is Chairman and CEO for JPMorgan Chase & Co., where, for nearly two decades, he has led one of the largest and best-managed financial institutions in the United States to achieve record levels of success.

His personal motto to “do the right thing” underlies his commitment to expanding opportunity for all and guides his actions when addressing critical societal issues. Mr. Dimon is dedicated to rooting out racism and discrimination, and ensuring that all clients, customers, employees and communities are treated equally and fairly.

At his direction, JPMorgan Chase recently launched and strengthened several initiatives to support diversity

and inclusion. One example is Advancing Black Leaders, which, over a four-year period, successfully increased minority representation among senior positions by more than 50%. In 2019, the company announced a \$2.5 million investment supporting programs and scholarships within The Ohio State University’s Office of Diversity and Inclusion, and in 2020, it committed \$7 million to education and career development in the Columbus region.

JPMorgan Chase and Ohio State also enjoy a productive workforce partnership. More than 3,000 Buckeye alumni are employed across the company while over 100 interns and 90 full-time employees are recruited from the university annually — earning Ohio State the distinction as the firm’s top source for talent.

Mr. Dimon previously served as Chairman and CEO at Bank One Corporation until its merger with JPMorgan Chase in 2004. He has also held senior executive positions at Citigroup Inc., the Travelers Group, Commercial Credit Company and American Express Company.

Mr. Dimon serves on the boards of the Harvard Business School and Catalyst, Business Roundtable, The Business Council and New York University School of Medicine.

He is a graduate of Tufts University and Harvard Business School, where he earned his Bachelor of Arts and Master of Business Administration, respectively.

Mr. Dimon and his wife, Judith, have three daughters.

## *Robert S. Langer*

---

### DOCTOR OF SCIENCE

Dr. Robert Langer is a pioneer in applying engineering to biological problems in human health — yielding entirely new fields of study through his innovative research and improving the lives of millions of people around the world.

Dr. Langer is one of 10 Institute Professors at the Massachusetts Institute of Technology. With broad curiosity and tenacity — and in collaboration with his students, colleagues and partners — he has created new approaches to treat and cure disease. Among the innovations he is credited with are long-term drug-delivery systems for insulin, anti-cancer drugs, gene therapy agents and vaccines. He and members of his laboratory are developing or have developed products such as an ingestible sensor that measures heart and breathing rates and

polymer scaffolds to “grow” tissue.

In 2010, Dr. Langer co-founded Moderna, a global leader in the creation of a new class of vaccines that use messenger RNA to deliver therapeutic drugs. The company’s COVID-19 vaccine was authorized for emergency use in December 2020. Three months later, at the end of March, Moderna shipped the 100 millionth dose of its COVID-19 vaccine to the U.S. government.

Dr. Langer is the most-cited engineer in history. He has written more than 1,500 articles and has 1,400 patents issued and pending. Those patents have been licensed or sub-licensed to more than 400 pharmaceutical, chemical, biotechnology and medical device companies.

Dr. Langer has been elected to the National Academy of Medicine, the

National Academy of Engineering, the National Academy of Sciences and the National Academy of Inventors. He has also served as chair of the U.S. Food and Drug Administration’s Science Board.

Among the hundreds of awards Dr. Langer has received are the Charles Stark Draper Prize (often called the Engineering Nobel Prize), the Queen Elizabeth Prize for Engineering, the Kyoto Prize and the Millennium Technology Prize. He is one of three living individuals to have received both the U.S. National Medal of Science and the U.S. National Medal of Technology and Innovation.

Dr. Langer earned a bachelor’s degree from Cornell and a doctorate from MIT.

## *Ellen Ochoa*

---

### DOCTOR OF SCIENCE

A pioneer in space and on Earth, Dr. Ellen Ochoa is an accomplished astronaut, inventor and leader of complex organizations. As NASA’s first Hispanic woman astronaut, she flew four missions and spent nearly 1,000 hours in space. As the first Hispanic woman to serve as director of the Johnson Space Center, she led the efforts of more than 10,000 employees and contractors and launched programs in agile business practices, innovation and inclusion.

After earning her doctorate in electrical engineering, Dr. Ochoa worked at Sandia National Laboratory and NASA’s Ames Research Center, where she led a team conducting

research and development of computational systems for aerospace missions. She holds three patents for optical systems.

In 1990, Dr. Ochoa was selected to join NASA’s astronaut program. After completing her final space mission in 2002, she joined the Johnson Space Center leadership team, rising through the ranks and ultimately serving as the center’s director until 2018 when she retired after a 30-year career with NASA.

She speaks widely about science, innovation and leadership. She currently chairs the National Science Board, among other board positions. She has been elected to membership in the National Academy

of Engineering and as a Fellow of the American Association for the Advancement of Science, among other esteemed professional organizations.

Dr. Ochoa has received NASA’s highest award, the Distinguished Service Medal, and has been inducted into the Astronaut Hall of Fame, the California Hall of Fame and the International Air & Space Hall of Fame. Six schools in the United States have been named in her honor.

She earned a Bachelor of Science from San Diego State University and master’s and doctoral degrees from Stanford University.

### DISTINGUISHED SERVICE AWARD

A national leader in higher education, Dr. David Harrison has devoted his career to lifting lives and communities through wider access to education. Since 2010, when Dr. Harrison joined Columbus State Community College as its president, the institution has more than tripled its graduation rate.

Through his effective leadership, the Columbus State team of faculty and staff has developed innovative programs and partnerships with other colleges and universities, corporations and nonprofit organizations. Dr. Harrison was instrumental in creating Preferred Pathway, a program that guarantees transfer admission to Ohio State for Columbus State graduates. This initiative served as the model for the statewide Ohio Guaranteed Transfer Pathway program.

His commitment to educational access and success is expansive. He established Central Ohio Compact, a coalition of K-12 school districts and higher education institutions that helps students complete high school and progress seamlessly through public or private post-secondary education.

Dr. Harrison's dedication to student success, workforce innovation and civic engagement has elevated Columbus State to national prominence. The college received the 2019 Leah Myer Austin award, a national recognition for community colleges that demonstrate equitable outcomes in student success. His work on equity and institutional partnerships — particularly for first-generation students, students of color and low-

income students — led to Columbus State's recognition as an Achieving the Dream College in 2012. Three years later, it earned the organization's distinction as a "Leader College."

Before joining Columbus State, Dr. Harrison served as vice provost for regional campuses at the University of Central Florida, where he created innovative transfer programs linking community college graduates to the university. # A MESSAGE FROM PRESIDENT JOHNSON

---

Dear Graduates,

Congratulations, and welcome back to the 'Shoe! We are thrilled to celebrate your accomplishments with you in person, in Ohio Stadium — just as generations of Buckeyes have before you. The fact that we are together today is a testament to our collective efforts to keep each other safe and healthy. It is also one more sign of hope as we look to brighter days.

Over the course of the past year, each of us has been tested in many ways. You adapted to new ways of learning and connecting. You helped your friends, family and loved ones figure out how to remain together — even when we were apart. You came together to keep a pandemic at bay on our campuses, worked together to help those struggling because of the effects of the pandemic and found ways to lift up those on the front lines of the fight against COVID-19.

Most importantly: Even when it was difficult, you never gave up. Your perseverance and experiences through this time will forever be a part of your journey. You proved that diverse talents and perspectives can be woven together to create solutions that do incredible good.

I am inspired by each and every one of you, though I am not surprised. As Buckeyes, we shine brightest when times are tough, when there is a need for champions to come together to support each other and our communities. We shine our light in dark places and lead in all that we do. Meeting challenges head-on is simply part of our DNA.

You are stronger and wiser from your experiences, and today I challenge you to take what you've learned at Ohio State and set to work building a future in which every member of our community can share equitably in its opportunity. I know you are up to the challenge — after all, you're Buckeyes.

As you depart today, diploma in hand, think of this as a beginning, not an ending. You are forever part of our Buckeye family — Buckeyes for life.

Congratulations, once again. I cannot wait to see what you do next!

Sincerely yours,

Kristina M. Johnson, PhD  
President

# CONGRATULATIONS AND WELCOME TO THE ALUMNI ASSOCIATION

---

Congratulations, and welcome to the Buckeye alumni family, Class of 2021! It's wonderful to gather safely again and celebrate you in the 'Shoe.

Each one of you has a unique Ohio State story to tell about your journey with us thus far, and your last year on campus will certainly stand out in memory. Though your experiences were individualized, you were not alone. Your web of support is even tighter now that you have more than 580,000 fellow alumni around the globe ready to offer advice or lend a hand!

If you read the lyrics to "Carmen Ohio" — all three verses, not just the one we have memorized — you will see lines about both the good times and the bad. It references "happy days of yore" and "blackened sky or barren shoal." As the seasons pass, with many reasons to be hopeful amid all the world's uncertainties, I know one thing for sure: We are Buckeyes, and we will take these next steps together.

We will be with you wherever you go. You'll discover alumni clubs and societies in more than 100 cities, organizing everything from game watch parties to scholarship fundraisers. Take advantage of your alumni association's career resources, lifelong learning and networking opportunities, as well as ways to volunteer and pay forward in service to others.

Visit [osu.edu/alumni](https://osu.edu/alumni) to learn more about the benefits available to you. Explore our virtual opportunities for tips on how to cope during these unsettled times, or search for a new job. You can also download the alumni app to keep Ohio State in your pocket and receive news from campus, ways to show off your Buckeye pride, updates from alumni and much more.

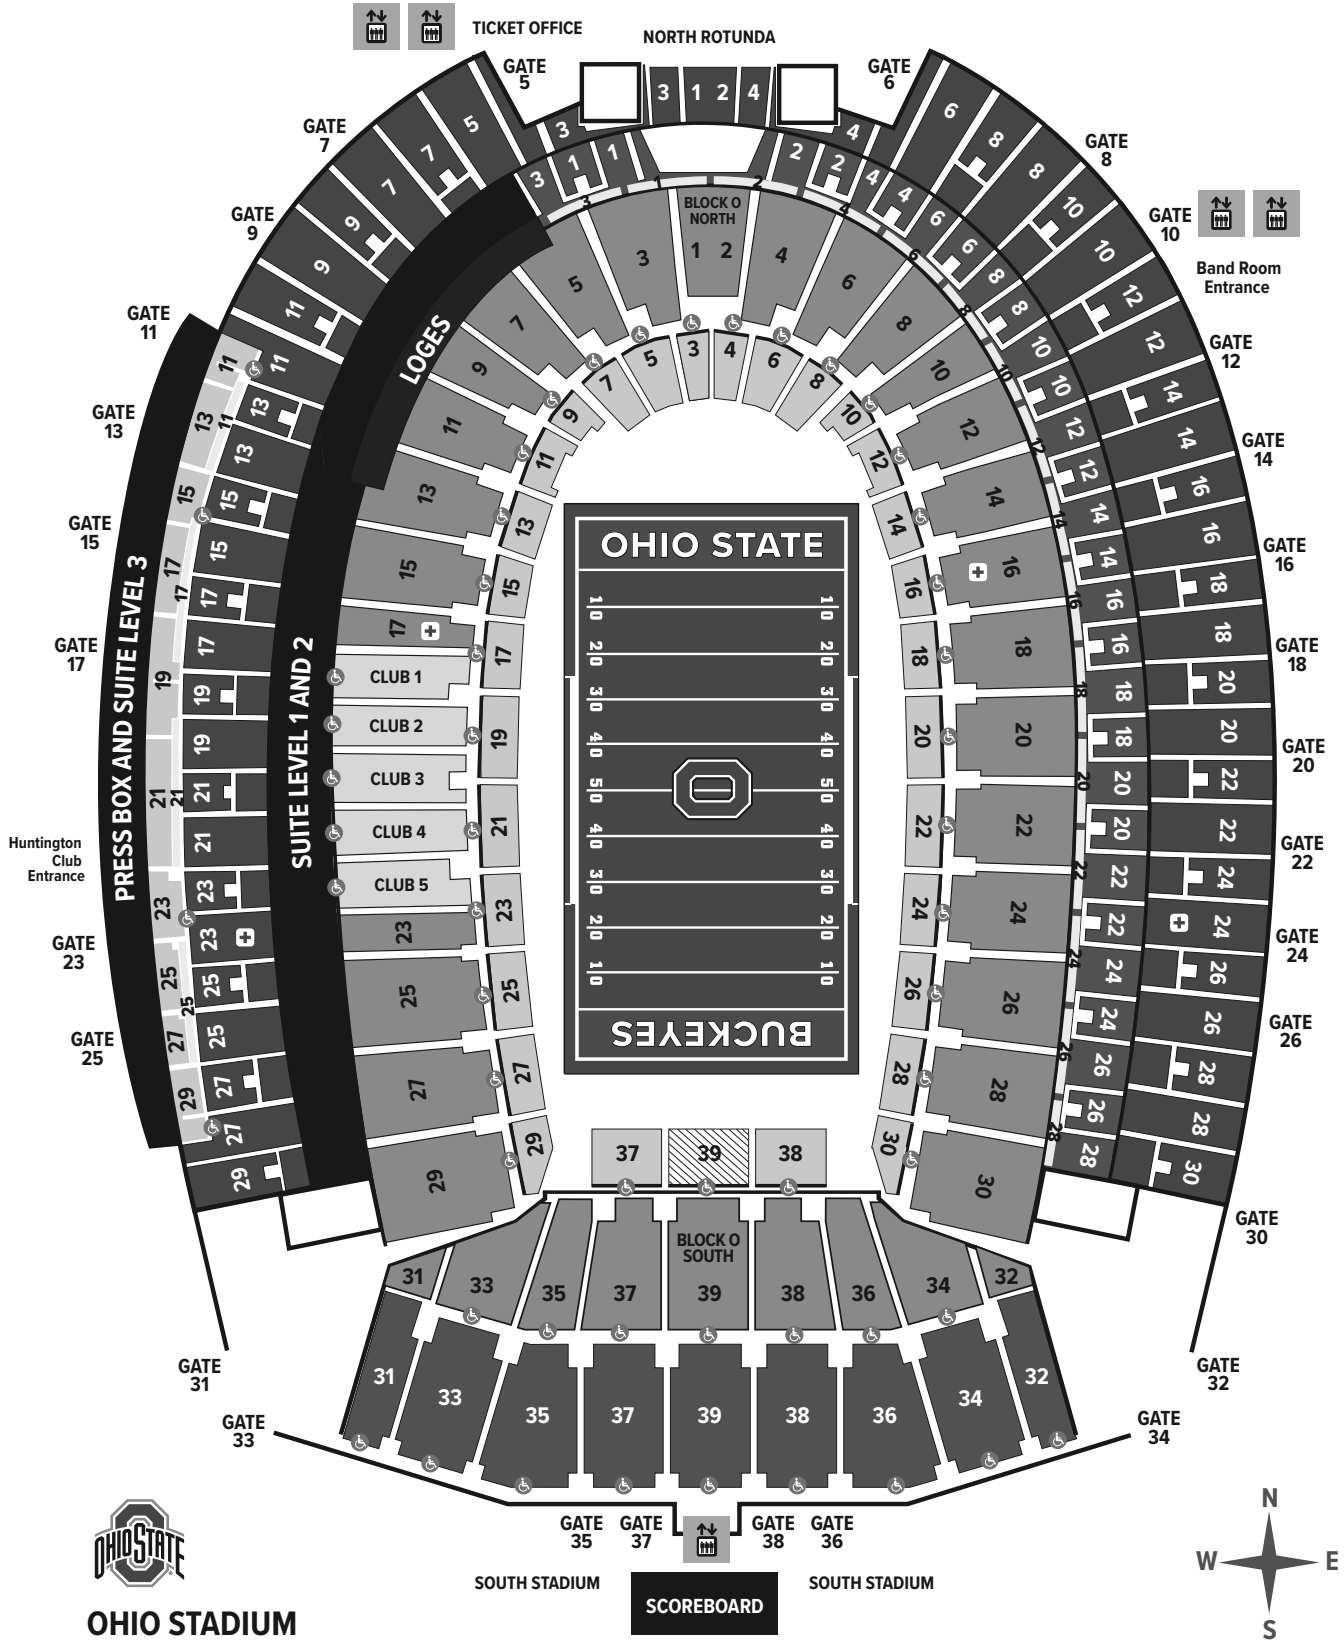

This chapter in your Ohio State story is coming to an end, and the chapters to come offer endless opportunities and excitement. Never forget: You always have been, and always will be, Buckeyes for life.

# THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably resulted in the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square —

a shape that, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

## The Gown

**Bachelor:** The bachelor gown is black, full cut with long pointed sleeves.

**Master:** The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

**Doctor:** The Ohio State University Doctor of Philosophy gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

## Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, *with distinction* and *with honors*.

## The Hood

**Bachelor:** Three feet long with a two-inch-wide velvet edging.\*

**Master:** Three and one-half feet long with a three-inch-wide velvet edging.

**Doctor:** Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

\* Not usually worn by candidates for a degree.

# INCLEMENT WEATHER

---

*In the case of inclement weather, every effort will be made to hold commencement as planned. Commencement will take place in Ohio Stadium, unless weather conditions are dangerous or severe, in which case the ceremony will be canceled. No indoor facility on campus can accommodate the graduating class and their guests.*

On commencement day, Ohio State officials will be in continuous contact with the National Weather Service to monitor approaching weather. If it is feasible to delay the start of the ceremony and wait for clearing or less severe weather, the start of the ceremony may be delayed up to one hour. Should this happen, any changes will be announced on-site to graduates and guests. Graduates and guests are asked to remain in protected areas of Ohio Stadium. Your patience and cooperation will help facilitate this plan.

## **In case of cancellation**

If it is determined that severe weather will not permit us to hold commencement, the ceremony will be canceled. Once cancellation has been announced, graduates and guests should follow any instructions provided.

Any unclaimed diplomas will be taken to Buckeye Link on the first floor of the Student Academic Services (SAS) building, 281 West Lane Avenue. Diplomas will be available for pick-up there during regular business hours, May 10-14. If a graduate's diploma remains unclaimed after 12 p.m. on Friday, May 14, it will be mailed to the permanent address on record within two to four weeks of commencement. Graduates can verify/change their mailing addresses by navigating to the BuckeyeLink website at [buckeyelink.osu.edu](http://buckeyelink.osu.edu). Click on "My Student Center," then scroll down to the "Personal Information" section to view the address. Click on the "Permanent Address" hyperlink if there is a need to edit it.

## POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

(continued from inside front cover)

I say, rather, the richness of us,  
precious difference, the grand multiplicity  
of selves that balance this globe  
and enable it to spin true. Grandson  
of peasant immigrants, I was given

the opportunity to earn a doctorate  
in English literature from Ohio State—  
because my family labored long nights  
around the kitchen table trying to learn  
this arduous English. I sat where

you're sitting twenty-six years ago.  
Bob Dylan and Smokey Robinson got me  
through. Yes, it took a prophet and Miracles!  
My son earned an OSU Ph.D. in history.  
Now you, graduates, are being honored—

by degrees. We've all come together  
around the kitchen table of Ohio State.  
Ohio, Round on the ends and high  
in the middle. For the years to come  
we'll sing together, Beautiful Ohio,

in dreams again I see, Visions of what  
used to be. These psalms, sacred thoughts  
of our tribes, 78's and 33's, tapes,  
CD's—they take up space in shelves  
of our skulls, our hearts. They remind us

we want a song beyond the run-  
of-the-mill thrill, the moment throbbing  
with pleasure or bathed in the blues.  
We ache for something grander than  
pure selfishness. Songs sung for one

alone are not true music. Arias shared  
are music of the spheres, ways of saying  
to another something from the soul.  
Of course the Buckeye Battle Cry  
is there. Drive, drive on down the field,

Men (and women!) of the Scarlet  
and Gray. Well, you drove on down  
the field, and you drove up and down  
the streets, around and around  
crowded lots, looking for a place to park,

and you searched our dark, ancient library  
for a decent place to study. My wife,  
Mary's, father marched in the first  
"Script Ohio," in 1936. He's here today  
with us, blowing his horn, I can't help

but feel, as is the sweet mother  
I lost last year, the one who gave me  
the stars. Today's music makes us think  
of the debts we owe, and never can repay.  
So many of us would not be here

were it not for the lullabies and songs  
of dear parents, their parents, theirs.  
Some are here today in the flesh.  
Many are not. We mourn them with cadences  
of our hearts. Think how many people

sang before us, gave us a name, a voice,  
taught us the right words. We must  
cherish them by remembering every song.  
When we sing to others, we honor  
our fathers and mothers, thank them

for this day of profound scarlet and gray  
pomp and circumstance. O, come  
let's sing Ohio's praise, And songs  
to Alma Mater raise. Alma mater.  
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.  
Well, Mother, we love you, but, like,  
it's time we moved out, got a place  
of our own. You're standing there,  
Mom, gray hair, eyes scarlet

from crying. We won't forget you.  
Now, even though this ceremony  
means we're being weaned, taken off  
the nipple, let's take care to cherish her  
all our days. Let's remember

the words to the songs she taught us,  
and pass them on. We'll remember  
always, Graduation Day. Summer's heat,  
and winter's cold, The seasons pass,  
the years will roll, Time and change

will surely show How firm thy friendship,  
O-hi-O. We call that little number  
Carmen Ohio. Carmen means song  
in Latin. You've worked hard; she  
is your reward; today is your reward.

You're filled to overflowing with  
the notes, the poems we've written  
together. You know the score.  
Continue to work hard for yourselves,  
and one another. Find the ones who need

you to sing to, for them, in the world.  
Graduates, this joyful litany, this hymn  
our ancestors collaborated on with us,  
the calling of your name today is music  
to our ears. Sing that name proudly

all your days, as if your life depended  
on it. It does, you know. It has been  
an honor for me to speak—and sing—  
to you today. Thank you, graduates,  
and, again, Congratulations.
